# We Found The Wreck – EPK (Print Version)

## Band Bio

*If Frank Turner jammed with The Gaslight Anthem and Against Me! on an acoustic punk road trip, you'd get the raw energy and heartfelt grit of...*

### ***We Found The Wreck.***

Formed in late 2022, this Kent-based alt-rock band have quickly carved out a reputation for passionate, high-energy shows that blend punk urgency with folk honesty and melodic hooks.

In August 2025, We Found The Wreck signed to Engineer Records and released their latest single **Lighthouse** with an official music video - marking a new chapter for the band as they gear up for their debut full-length album in late 2025.
